OUSSAMA ATIFI ELGATTAOUI
FULL STACK DEVELOPER

+1 year full stack developer. Currently in the process of specializing in backend development. I enjoy learning and exploring new technologies to expand my skills.

WORK EXPERIENCE
Backend Developer at Magical Analytics
March 2024 - Present [Almería, Spain]

- I developed an automated service to synchronize data from multiple decentralized ERPs with the HubSpot platform daily. This integration **improved** the sales team's **productivity** by providing daily access to up-to-date information, **optimizing** the **management** of business relationships.
- I enhanced the effectiveness of HubSpot by developing a service that provides real-time information from various entities, enabling the sales team to access up-to-date data and make **informed decisions quickly**.
- Creation and maintenance of websites in WordPress using Elementor and WooCommerce, enhancing the user interface and collaborating with the design team to deliver visual experiences.
- Technologies: PHP, Laravel, Wordpress, JavaScript

SKILLS

- ✔ Fast learner
- ✔ Adaptability
- ✔ Problem solving
- ✔ Pragmatic thinking
- ✔ NodeJS
- ✔ NestJS
- ✔ Java
- ✔ Spring Boot
- ✔ PHP
- ✔ Laravel
- ✔ JavaScript
- ✔ React
- ✔ Angular
